

Thursday 6th March 2014

Dear Parent/Carer,

Your child was issued with examination results today for units which could count towards their final GCSE English grade.

I felt it important to inform you that concerns have been expressed by a number of Head Teachers across Wales in connection with the validity of the grades awarded for these units and it is likely there will be further debate and comment in the media.

We are currently unable to discuss individual cases, but we will be investigating further and of course we will keep both you and the students informed.

Yours sincerely,

John Kendall

Head Teacher / Prifathro
