

You may be aware a pupil in Y11 has recently tested positive for C-19. However, this pupil was not in school in the 48 hour period prior to the test and did not show symptoms when last in school. The family have been self-isolating since the end of last week. We have therefore been advised that the cohort does not need to self-isolate on this occasion. Please be assured that the school is following all appropriate Public Health Wales guidance and that robust risk assessments and protocols are in place to manage these situations. The safety and wellbeing of the whole school community is our main priority and we will continue to keep you updated.
